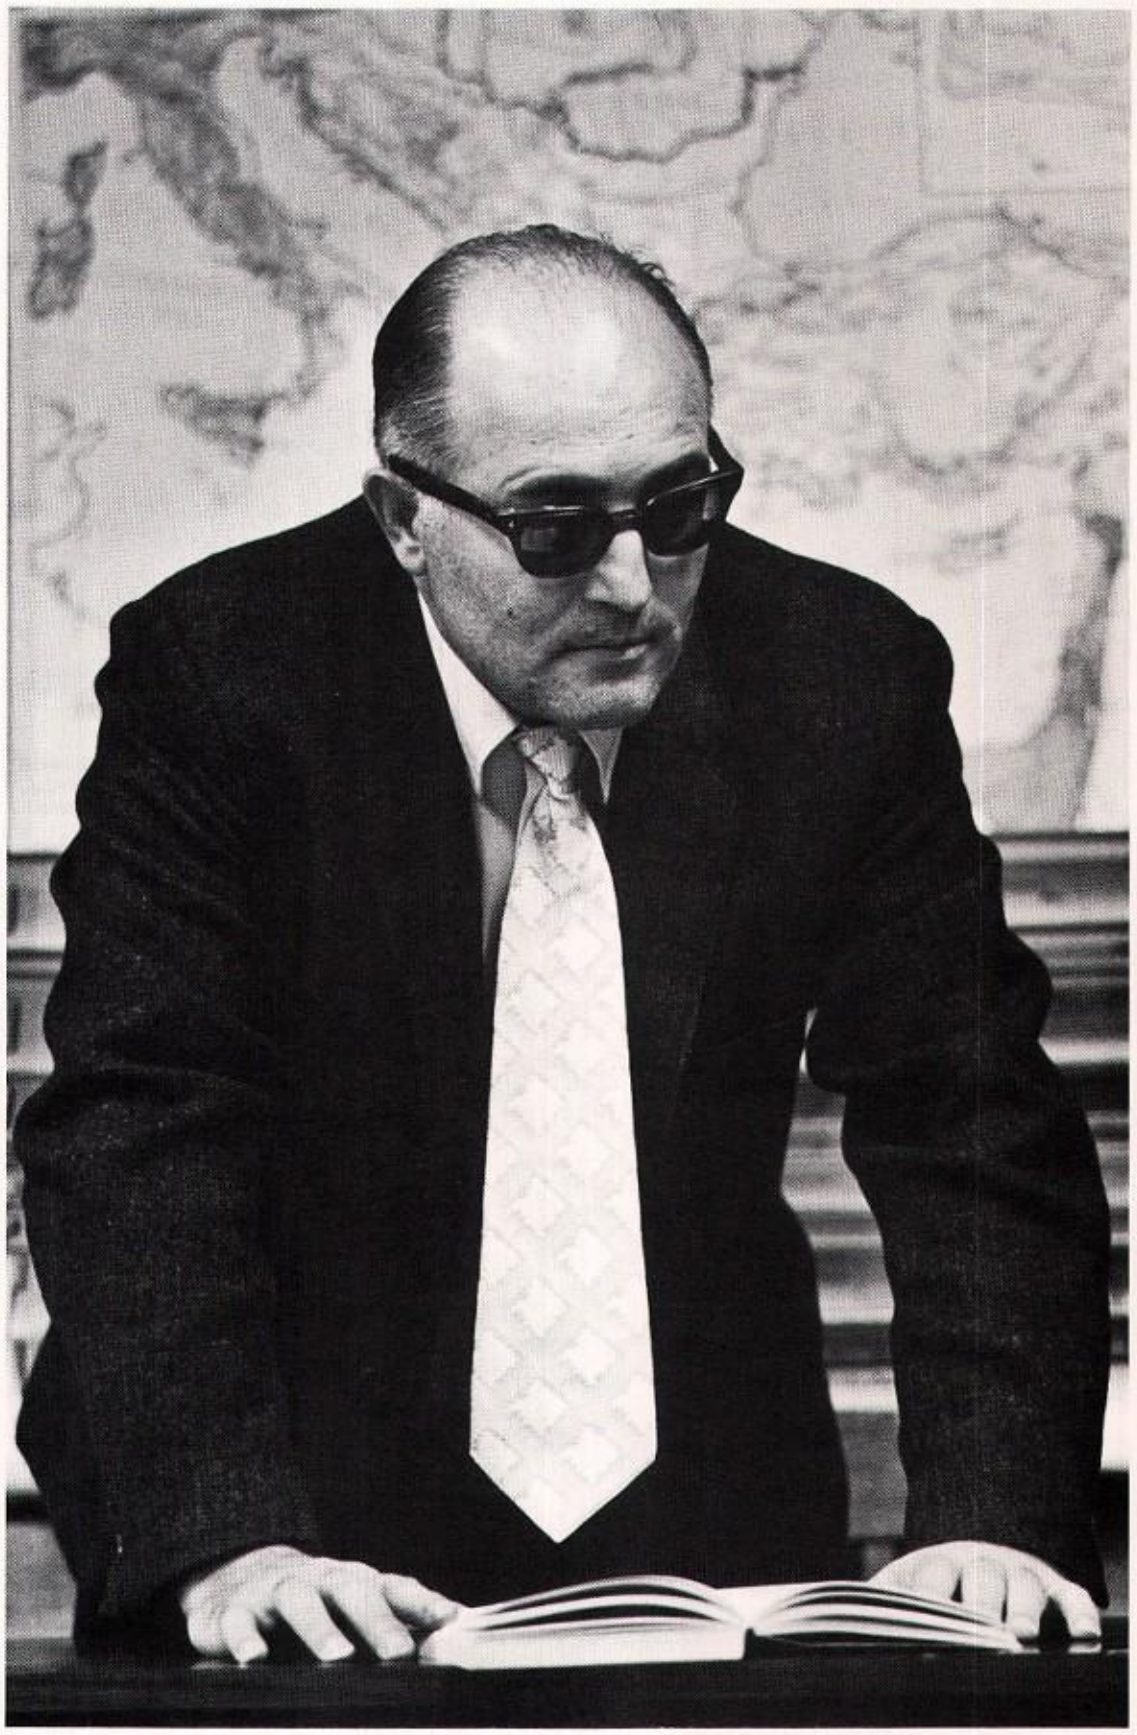
DEAN OF STUDENTS



JOHN SANTARIGA, B.S., M.S., signed a baseball contract with the old New York Giants after his graduation from high school. When World War II broke out, however, he chose to enlist in the Army and was assigned to study engineering at St. Bonaventure University. He later participated in an Army examination in which he was one of only seventy-five national finalists selected to be trained for espionage work in the Far East. The end of the war cut short his study of Japanese at the University of Chicago. After his discharge, Mr. Santariga was asked to rejoin the Giants, but chose instead to go to Syracuse University where he received his B.S. in Political Science, and then to New York University where he was awarded a Master of Science degree in History. Mr. Santariga studied advanced mathematics at Simmons College under a grant from the National Science Foundation. He teaches Algebra I and II, United States History, Government and Economics, and directs all physical education classes at St. Basil's. He is also financial moderator of Le Chateau.

One of the most popular places on campus is the library. Used primarily for reference work and study, it also serves frequently as a haven for quiet relaxation with an interesting magazine. Open throughout the day, the reference room is always busy—and justly so. In evaluating the school, The State Department of Education declared in its evaluative report that "the reference collection is an unusually fine one, and the titles recently purchased have been carefully selected." With a collection in excess of 13,400 volumes and subscriptions to more than 125 periodicals and newspapers, The Prep School Library ranks among the best school libraries in the State. The average number of books per pupil in Connecticut public schools is 2.5; in the diocesan schools, 6.4; in private schools, 30.0; while St. Basil's can boast of 139.2 books per pupil. This year we have added the services of a full time librarian, Mrs. Candace Herbst, who holds a Masters Degree in Library Science.

The library is unusual in that it has a very strong Ukrainian section. It provides students with much material—books, periodicals, newspapers, pamphlets, maps and illustrations—essential to a thorough understanding of the cultural heritage and national history of the Ukraine. The aim of the library is to have eventually as good a collection—in depth as well as in extent—of Ukrainiana as is possible.

RIGHT REVEREND MONSIGNOR EMIL MANASTERSKY, V.G., Ph.B, S.T.B., B.S. in L.S., Librarian, has been at St. Basil's longer than any other member of its faculty. Moses Hadas, commenting in *Newsweek* of the current crop of American classicists, referred to Professor Borysiuk's dissertation at Columbia in these words: "This is a doctoral thesis by one of my students. It's about Plutarch—and it's written entirely in Latin. He didn't have to do that. I should be very proud, don't you think, that one of my students strove for such excellence?" Professor Borysiuk is an active member of the American Philological Association, the New England Philological Association, and the Canadian Philological Association. SENIORS

If the seniors aren't studying or cramming before a class, there is usually a glance for the camera.

Not every class is all that interesting, but some seniors have found a good subject.

There is something about a senior that no one usually realizes; he is able to find more time for relaxation than do underclassmen.

There is always some one book a senior hates to pull out of his locker. What book is it here?

And the biggest smile is the one a senior saves for his acceptance into college.

The Prep sponsors a variety of extracurricular activities, and encourages participation on the part of every student. We feel that such participation will add to the wealth of the boy's experience in many ways: companionship, the discipline that comes of cooperative effort, provision for other than academic interests and skills, training in shared responsibility and leadership—or, in other words, the harmonious development of a well-rounded young man.

The Prep does not engage in any inter-scholastic athletic competition. It does have, however, an active intramural program in basketball, touch football, and volleyball, and involvement in these is encouraged under proper limitations. The object of the athletic program is not to produce professional athletes, but to develop the boy's body along with his mind, to provide needed relaxation, to instill a competitive spirit, and to teach fair play and cooperation through team play.

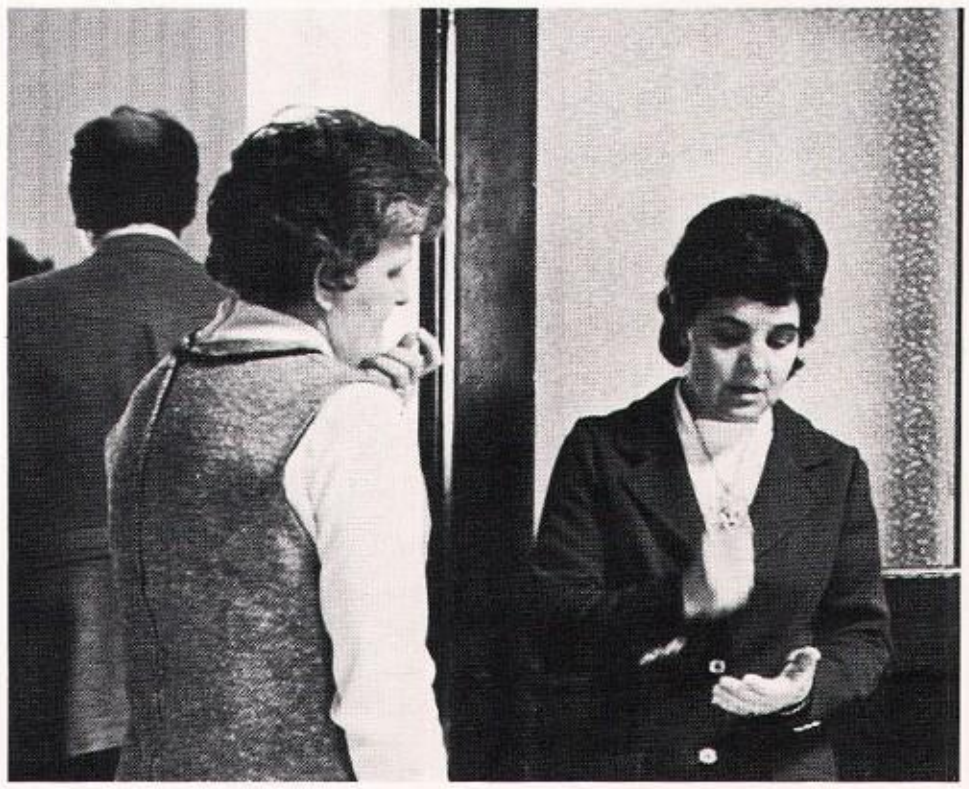
INTERNATIONAL DINNER



The International Dinner was an event sponsored by the Senior Class to provide funds for a Senior Class Trip. It consisted of food from a host of nations such as Greece, Italy, France, Ireland, Ukraine, Spain and Germany cooked by the mothers. Following the dinner, there was a series of plays and a choir presentation. First was a comic French play supervised by Miss Lange. Second was a short depiction of a typical Spanish Christmas under the supervision of Miss Delanni. Third was a serious emotional reading of the celebration of Christmas by a Priest in a German concentration camp during World War II. This was directed by Father Mosko. The Choir sang Christmas carols of various languages and the evening was ended by a presentation of gifts to the children by St. Nicholas.

FIRST FRIDAY MASS

Early this year, Father Mezzomo, seminary prefect, resumed the traditional First Friday Mass which had been suspended those few recent years in which the Prep had been accepting seminary students exclusively.

Early this year, the students had expressed the desire to have a community divine liturgy so that all the students would be able to participate. So far, the liturgy has depended on the spirituality of the student body and has strengthened their understanding of the liturgy, bringing them together in prayer for their own intentions. The First Friday Mass has once again become an integral part of the schedule each month.

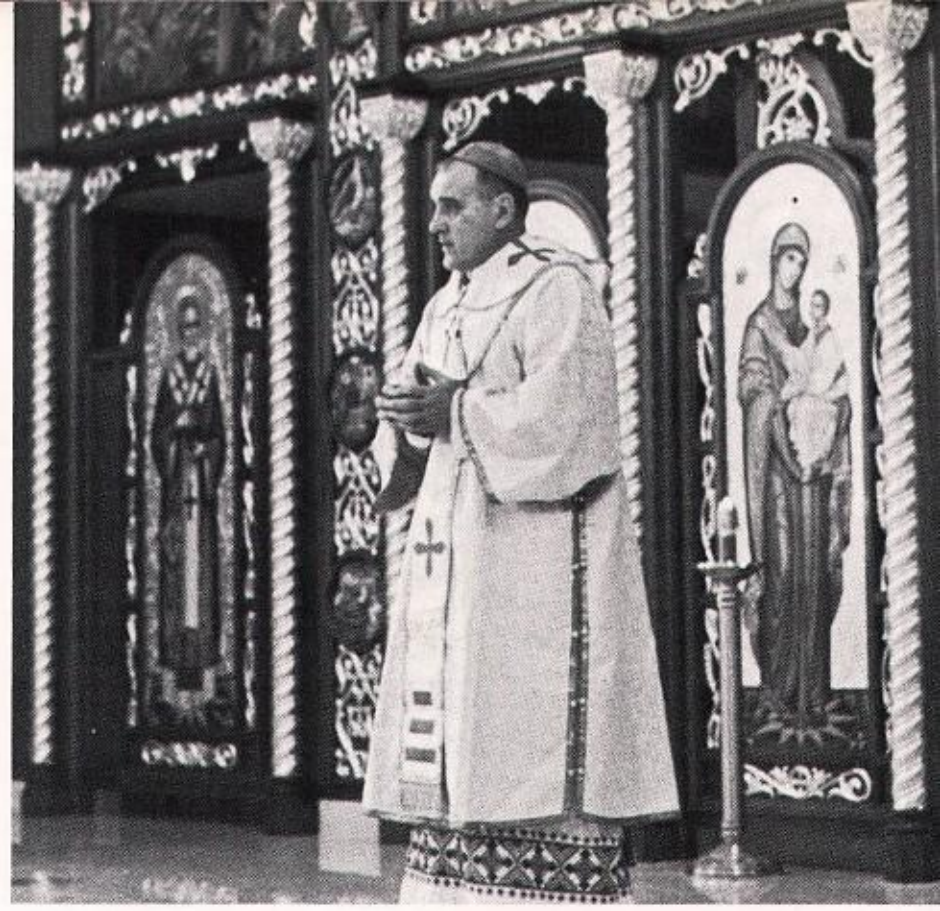
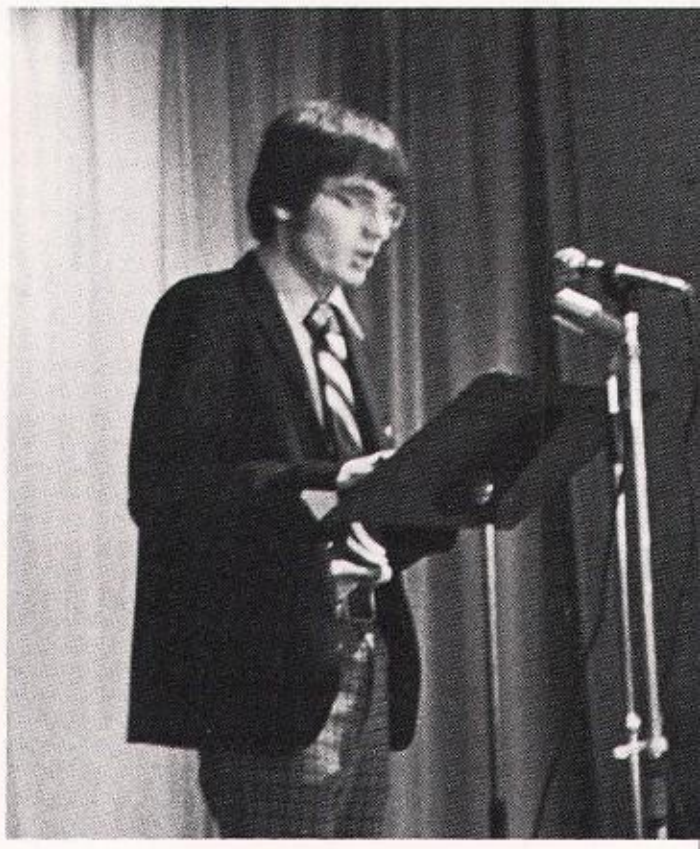
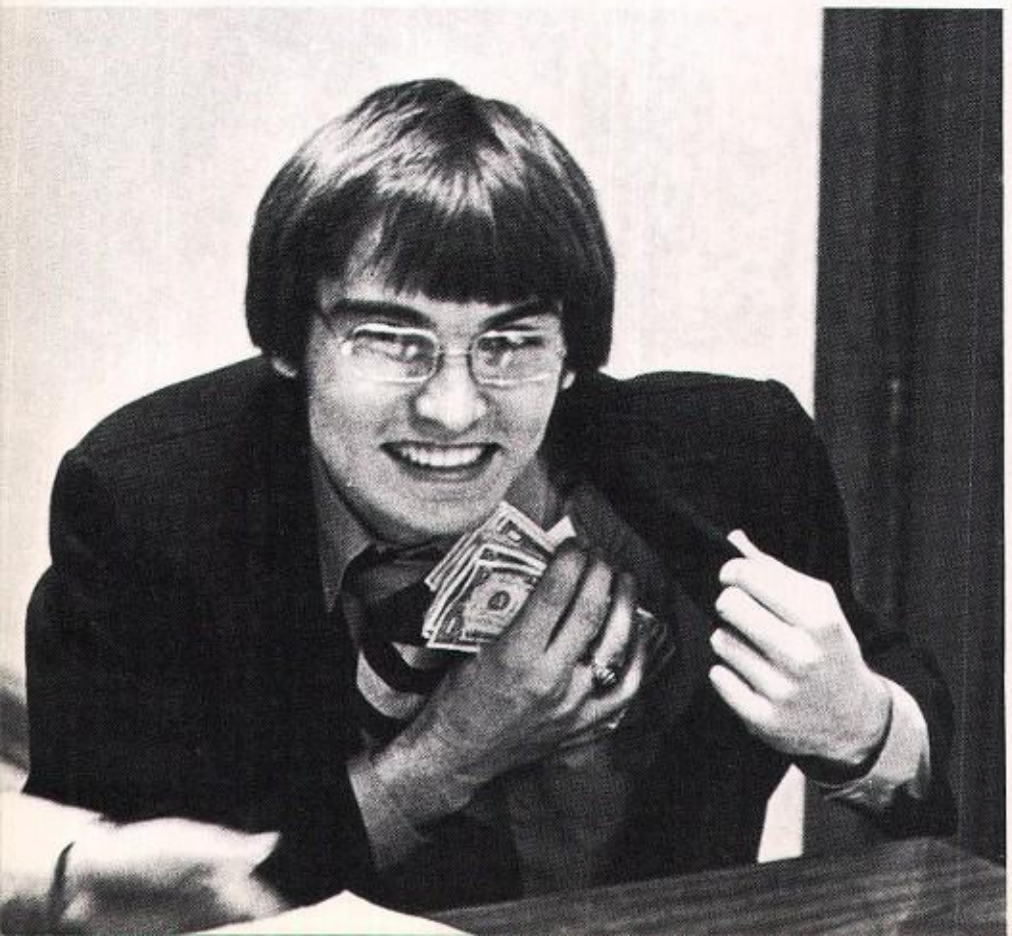
UKRAINIAN DAY



On March 5, the senior class sponsored a Ukrainian Day; a special occasion on which the students, parents, and faculty honored the life of the great Ukrainian poet Taras Shevhenko. The day began with a divine liturgy celebrated by the Bishop, His Excellency Joseph M. Schmondiuk at St. Basil's College Chapel, after which a Ukrainian dinner was served by the members of the senior class. The food for the dinner, held in the prep auditorium, and cooked by the boys parents, had traditional dishes such as pyrophy, kolbasa, borsch and home-made bread. Following the dinner there was a Ukrainian declamation contest coached by Mr. Romanyshyn. The senior class participated in this event with each student speaking about the works and life of Taras Schevhenko.

The eight seniors were judged on their content and delivery by Dr. Anna Samofal, Reverened John Bura and Dr. Wasyl Lensyk. The first, second and third place winners were Peter Melnyk, Steve Roche and David Martin. The winners were awarded decorated plaques by Mr. Romanyshyn and the presentation was made by the Bishop. The profit from the dinner was used for the benefit of the senior class trip.





WINNERS OF THE UKRAINIAN DAY SPEECH CONTEST:

First Place	Peter Melnyk
Second Place	Stephen Roche
Third Place	David Martin

Standing: Rev. John Bura, Speech contest judge. Seated: L-R Dr. Anna Samafal—Judge, Mr. Roman Romanyshyn, Bishop Schmondiuk—Honored Guest, Dr. W. Lencyk—Judge.

CHOIR

Organized when the school was first established, the choir has brought many delightful moments to our audiences. The songs that pour from the mouths of the choir members are always well rehearsed and presented. Under the direction of Professor Alexander Bernyk, it is one of the most vital student activities at St. Basil's. The administration is concerned not only with teaching the academic subjects, but also is acutely aware of the arts and the cultivating effect they have on young men. The members of the choir meet every Wednesday and sometimes Saturdays to rehearse songs of various nations (Ukrainian, English, French, Spanish, Italian). At times it seems to be tedious travail, but the members of the choir always make a good showing.

WOOD CARVING CLUB

The Woodcarving Club for house and town students has been organized by and is under the guidance of Professor Romanyshyn, Instructor of Ukrainian at St. Basil's. It enables students to realize the beautiful heritage of the Ukrainian culture. This year, the club sponsored a Ukrainian Speaking Contest together with the Ukrainian Day Dinner. As the members of our club learn the ancient art of woodcarving, they themselves try their hand at it and the results are surprisingly good. A wide variety of elaborate plaques, Easter eggs and other artistic creations soon began to emerge and the club's showcase display in the library gives evidence of the contributions which students have made. Mr. Romanyshyn is a master woodcarver and an outstanding specimen of his work is the Archbishop's Throne in the Hartford Archdiocesan Cathedral.

The Club was formed to give the electronically interested student the opportunity to work at first hand with electronic devices. Under the leadership of the President, David Blethen, the club is completing the assembly of an oscilloscope which is their major project for this year.

It is a club that offers the student who wants to play, a good opportunity to compete with equally matched players in the wholesome spirit of competition. Club members play during the week when time is available and on school weekends.
